In Maths this week we have been doing capacity, in which we have learnt to use measuring cylinders to measure liquids. For your Home learning this week we would love you to complete the Purple Mash 2 do shown below. You will be using your knowledge of capacity to answer the questions.

For your topic home learning this half term, we would love for you to do a bit of research on castles and knights, finding out lots of information ready for our topic lessons in school. You can choose to showcase your learning in any way you choose. This could be creating your own 3D castle with labels, writing up a fact

	poster about a knight or simply drawing your own castle or knight. We can't wait to see what you come up with.
