### Spelling/Phonics:

In class 3 and Class 4, we have continued to develop our phonics. We would love you to log onto Purple Mash and practise your phonics from Phase 2 and Phase 3.

See how many words you can remember.

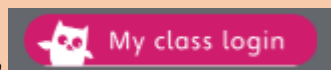

### Reading:

**Remember to read your reading book with a family member at least 3 times throughout the week. Try re-telling the story to check if your child has understood what has happened in the story and see if they can remember any characters.**

This week, log onto the Oxford owl reading website and read the book 'Tom, Dad and Colin'  
Use the link below to access the website:

<https://www.oxfordowl.co.uk/>

Click on the 'My class Login' button

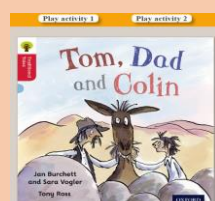

Then, enter the details below for BOTH Class 3 and Class 4:

**My Class name:** **class3\_GH**

**Password:** **Greenhill1**

Click on 'My Bookshelf' to access the book.

Your child can listen to the story using the audio option or they can read it themselves. After reading the story, encourage your child to have a go at the activities by clicking on the activity buttons at the top of the screen. We will be discussing this book in class next week.

### Writing:

This week in Literacy we have been reading information text about our local area. We will be looking at all of our favourite places in Glodwick and Oldham.

We would love to know about your child's favourite place. It could be a favourite shop or a park. Use the sheet provided to encourage your child to draw a picture of their chosen place. Together, talk about the place and discuss why it is important. Please help your child to write a few sentences about why this place is their favourite.

**Remember to use your finger spaces and end your sentences with a full stop!**

## Maths:

### Maths

This week in Maths, we have been practising counting in 2s and 10s. It would be great if you could use the YouTube video below to help your child count in 2s and 10s. The great thing about this video is that your child gets to exercise while they learn. That has to be good!

Counting in 2s – <https://www.youtube.com/watch?v=f3fnxrqZE5U>

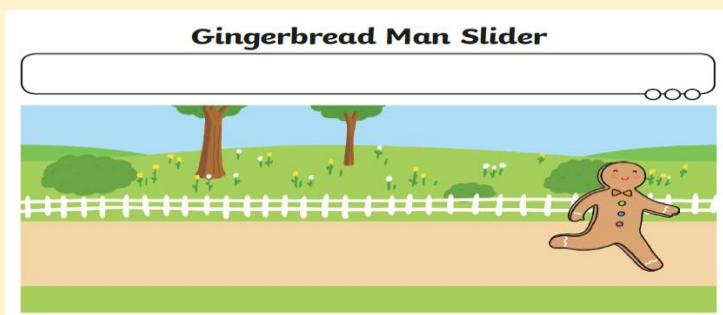

Counting in 10s – <https://www.youtube.com/watch?v=Zu6r3I46sH0>

We have also continued to practice our addition skills. Please practice addition at home whenever you can. Throughout the week, we will be focusing on our number bonds to 10. Help your child at home by cutting out the number cards and playing the number bonds to 10 memory game. Keep playing and your child will become quicker and more confident over time.

## Curriculum

### DT

This week in DT, the children will be making their own moving toys. They have had so much fun creating their toys that the sessions in school are just not long enough. Below is a template which shows you how to make some sliders for the story 'The Gingerbread Man'.

Once your child has finished making the slider, you can sit back and enjoy your child telling you the story of the Gingerbread Man.

### On-going project-

This half term we will be learning all about our local area. Over the next few weeks we would love you to do a little bit of research on the local area of Oldham town, looking at all of the different features of both the town and surrounding countryside areas. Look at all of the different types of buildings that you can see.

We would like you to showcase your learning in an exciting way. This could be creating your own map of your local area, drawing pictures of the town, houses or buildings, or even creating a 3D craft of one of the buildings in our local area.

### End of half term

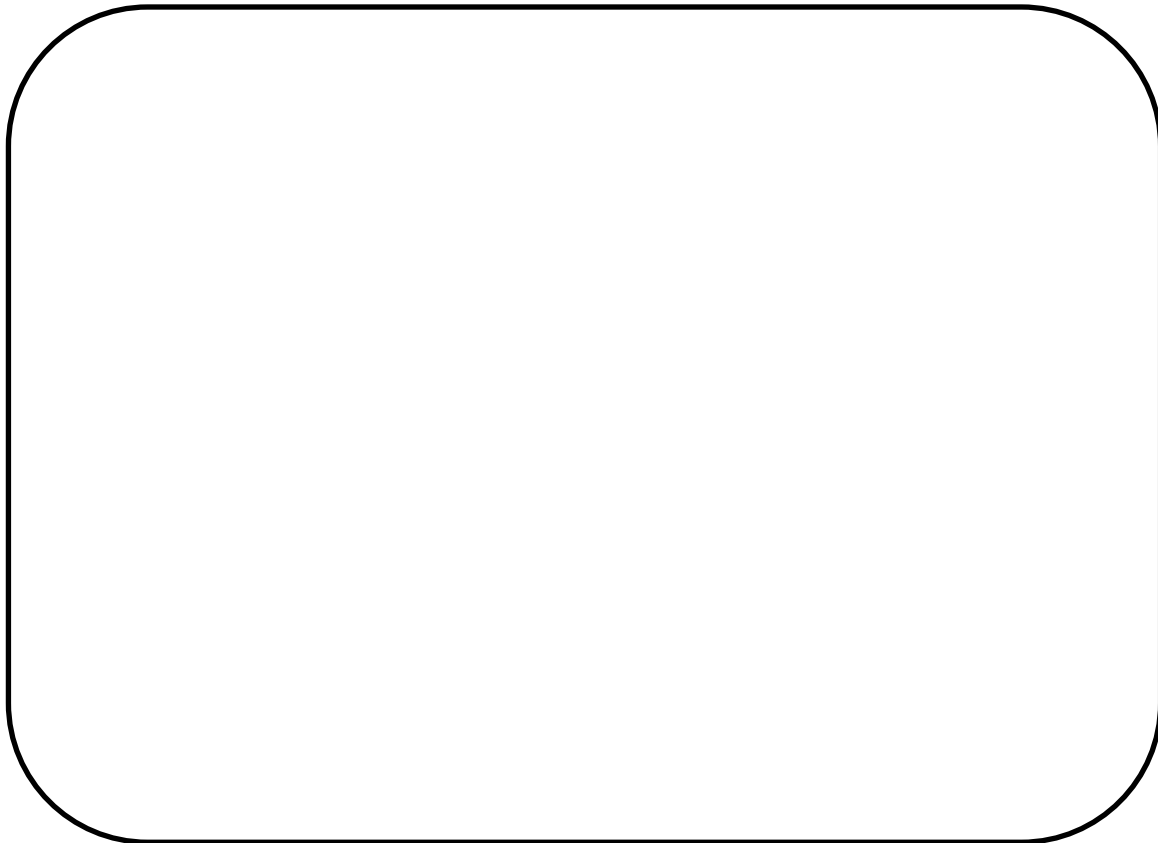

**Home Learning Year 1- WB: 12<sup>th</sup> October 2020**

*Home learning to be completed on a Wednesday afternoon and over the weekend. Return your learning to your class teacher on the following Monday morning.*

*Thank you Miss Hobson and Mrs Kausar*

Literacy – Writing task.

## Number Bonds to 10 Memory Game

Cut out the cards. Place them face down. Take turns to turn over a pair of cards. The object of the game is to find pairs of cards that add up to ten. For example, 2 and 8 would make a matching pair.

 1 <small>Number Bonds to 10 Memory</small>	 9 <small>Number Bonds to 10 Memory</small>	 2 <small>Number Bonds to 10 Memory</small>	 8 <small>Number Bonds to 10 Memory</small>	 3 <small>Number Bonds to 10 Memory</small>
 7 <small>Number Bonds to 10 Memory</small>	 4 <small>Number Bonds to 10 Memory</small>	 6 <small>Number Bonds to 10 Memory</small>	 5 <small>Number Bonds to 10 Memory</small>	 5 <small>Number Bonds to 10 Memory</small>

 Number Bonds to 10 Memory	 Number Bonds to 10 Memory	 Number Bonds to 10 Memory	 Number Bonds to 10 Memory	 Number Bonds to 10 Memory
 Number Bonds to 10 Memory	 Number Bonds to 10 Memory	 Number Bonds to 10 Memory	 Number Bonds to 10 Memory	 Number Bonds to 10 Memory

# Gingerbread Man Slider Instructions

Follow these instructions to make your very own Gingerbread Man Slider!

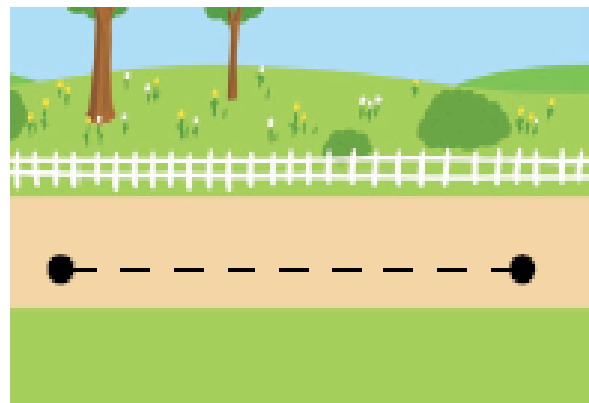

## Step 1

Cut out your background.

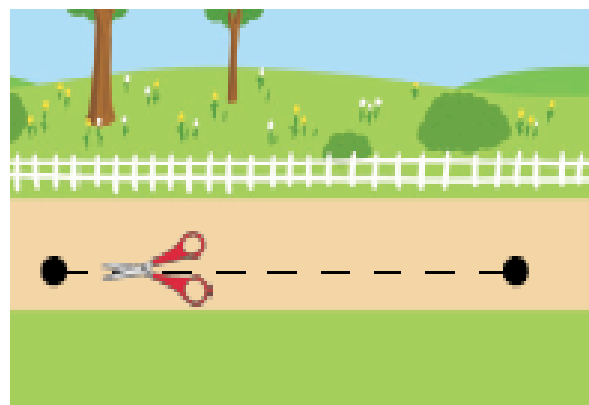

## Step 2

Put two dots on the path of your background, not too near the edge. Use a ruler to join the dots.

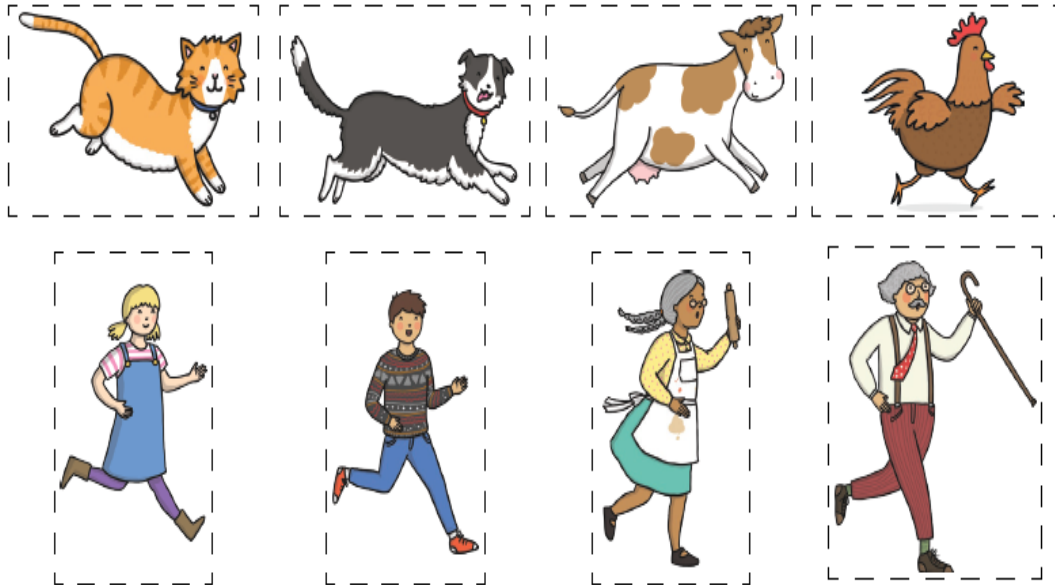

## Step 3

Carefully, fold your page along the line and cut on the fold of the line between the two dots to make a slit.
